Software Engineer with 4+ years of experience in web and mobile development using Flutter and Angular. Experienced in building maintainable and scalable enterprise applications, API integration, and system design. Skilled in SQL Server and Oracle databases. Proficient in Agile and Waterfall methodologies with strong analytical and problem-solving skills.

Work Experiences

PT Praweda Ciptakarsa Informatika - West Jakarta

Dec 2025 - Present

Project Development Staff

- Engineered and optimized scalable web applications using Flutter, and Angular, improving application load times and establishing highly maintainable codebases.
- Partnered with cross-functional teams (Back-End, Business Analyst, QA, and Manager) throughout the SDLC to translate complex business requirements into high-fidelity, user-centric features, accelerating feature delivery.
- Implement API integration and support end-to-end application development aligned with enterprise application standards.

PT Nitoza Indonesia Mandiri - Tangerang, Banten

Jun 2021 - Nov 2025

Mobile Developer

- Build and optimize cross-platform mobile applications using Flutter with thousands of active users, ensuring application performance, security and maintainability.
- Spearheaded the end-to-end SDLC, from architectural design to successfully launching 16 applications on the Google Play Store and Apple App Store.
- Work closely with cross-functional teams to ensure scalable, high-quality, and user-focused solutions.

PT Ngampooz Pintar Sejahtera - South Jakarta

May 2020 - Aug 2020

Internship

- Engineered and maintained scalable web applications using PHP and MySQL, ensuring performance and reliability.
- Implement API integration, troubleshoot issues, and perform debugging to support application stability.
- Authored comprehensive technical documentation to support development and system understanding.

Education Level

Universitas Budi Luhur - South Jakarta

Sep 2018 - Aug 2022

Bachelor of Information System, 3.84/4.00

Organisational Experience

Lab ICT Terpadu - South Jakarta

Apr 2019 - Mar 2022
